New 1934 Mash Betters Entire Production of 1933 Models!

NASH is shooting ahead faster and faster every day a greater favorite—as an aftermath of the Automobile Shows in New York, Philadelphia, Boston, Cleveland, Cincinnati, Milwaukee, Detroit, Chicago, and other cities. One record follows another. Success is pyramiding!

Biggest November since 1929! Biggest December since 1926! Biggest January since 1929! In three months alone, shipments of 1934 Nash cars have passed by 20% the total year's production of Nash 1933 models!

Thousands everywhere are saying of the 1934 Nash ... "That's the car I want to own!"

They want a Nash for the smartness of Nash

"Speedstream" style. For the skill of Nash engineering. For the snap and dash of Nash Twin Ignition valve-in-head performance. For the luxury of Nash coachwork. For the comfort of Nash riding quality - with or without individually-sprung front wheels (optional at slight extra cost).

You'll know quick enough why Nash is clicking if you'll just take a trial drive in a 1934 Nash. You'll know it every time you sprint around cars in traffic. You'll know it every time you climb a hill. You'll know it every time you round a curve. You'll know it every time you apply the brakes. Good? It's great! The proof is in a ride!
